

Cholangiocarcinoma Foundation®

Patients & Caregivers:

Why You Should Attend the 12th Annual Cholangiocarcinoma Conference

What Makes This Conference Different?

- **Your Voice Matters** – Patients and caregivers will have the chance to influence research priorities, ensuring the most urgent needs are addressed.
- **Real Impact** – What we help decide together at this conference will shape research funding and studies.
- **Stronger Together** – Connect with other patients, caregivers, and experts who understand your journey.

What Will Happen at the Conference?

- **Collaborate with Experts** – Interact with top researchers, doctors, and patient advocates and share your feedback regarding the direction of cholangiocarcinoma research.
- **Vote on Research Priorities** – Give feedback on which research areas should be prioritized for funding and advancement.
- **Get the Latest Information** – Hear from global leaders about cutting-edge treatments, clinical trials, and breakthroughs.

Why Should You Come?

- **Be Part of the Solution** – Your experience as a patient or caregiver is invaluable in shaping research.
- **Meet Your Community** – Gain support, share stories, and find strength among others who truly understand.
- **Help Drive Research Forward** – The research priorities we set together will guide future funding and studies to improve diagnosis, treatments, and quality of life.
