

Cholangiocarcinoma
Foundation®

WHY SUPPORT THE CHOLANGIOCARCINOMA FOUNDATION?

With federal research funding under pressure and rare cancers like cholangiocarcinoma often overlooked, private support is essential to accelerate breakthroughs and bring hope to patients faster. This is an imperative time to invest in research.

Please visit curecca.org/ways-to-give or email development@curecca.org to make a difference.

RESEARCH

7 FDA Drug Approvals

Launched an **INNOVATION GRANT** funding early-stage research to prepare it for large-scale applicability, \$1.5 million to award through 2027

\$6.45 MILLION dedicated to innovative, high-quality research

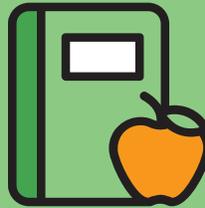

\$3.85 MILLION invested in the Research Fellowship program

NEWLY CONNECTED PROGRAM

Provides critical resources to patients

NUTRITION RESOURCE

developed and translated into multiple languages

1,700+ CONNECTIONS made through the peer mentor program

MONTHLY SUPPORT GROUPS

are hosted each month for patients and caregivers

ADVOCACY

COLLABORATION

CCF REGIONAL SYMPOSIA

unites patients, caregivers, clinicians, and researchers to share advances, and empower the community

INTERNATIONAL CCA RESEARCH NETWORK

458 experts from 220 institutions in 36 countries

CCF brings patients, caregivers, and healthcare providers together through regional symposiums and the Annual Conference—the largest global gathering dedicated to this disease. These events foster connection, education, and collaboration, ensuring that those affected have access to the latest research, expert insights, and a supportive community that understands their journey.
