

INDUSTRY PARTNERSHIP CATALOG

2027 Partnership Opportunities

Advocacy Alliance Program

The Advocacy Alliance supports programs that educate, empower, and connect patients and caregivers throughout their cholangiocarcinoma experience. Partnership sustains peer mentoring, patient and caregiver resources, education, advocacy training, and community engagement while aligning companies with CCF's patient-first mission.

Program Dates: January–December 2027

Suggested Pledge Date: January 31, 2027

2027 Annual Conference

CCF's Annual Conference brings together nearly 500 patients, caregivers, researchers, physicians, advocates, and industry representatives for education, collaboration, and connection. The 2027 conference will be held March 22–25 in Salt Lake City, Utah. Sponsors gain broad visibility while supporting access to the latest research, treatment information, patient resources, and community connections.

Event Dates: March 22–25, 2027

Suggested Pledge Date: February 1, 2027

Annual Industry Webinar

The Annual Industry Webinar provides companies with a patient-friendly platform to share updates on clinical trials, treatments, research findings, and other developments relevant to the cholangiocarcinoma community. The program offers direct access to an engaged national audience, with additional reach through CCF's post-event recording, communications, and impact reporting. Our first annual webinar in July 2026 had 113 live participants and 425 additional views via YouTube within one month.

Event Date: July 2027

Suggested Pledge Date: May 2027

Cholangiocarcinoma Awareness Month

Held each February, Cholangiocarcinoma Awareness Month unites patients, caregivers, advocates, healthcare professionals, and industry partners to increase awareness and inspire action. Sponsors amplify education and advocacy efforts while gaining visibility through national communications, digital campaigns, community activities, employee engagement, and peer-to-peer fundraising.

Campaign Dates: February 1–28, 2027

Suggested Pledge Date: January 20, 2027

Regional Symposia Events

CCF Regional Symposia are one-day educational events held at leading cancer centers across the country, bringing critical information and support directly to local patients, caregivers, and healthcare professionals. Each symposium typically hosts 75–125 attendees. Exhibit and marketing opportunities are available to sponsors.

Remaining Fall 2026 - Spring 2027 Event Dates

- **December 11, 2026** – Houston, TX | MD Anderson & Houston Methodist
- **February 11, 2027** – Baltimore, MD | Johns Hopkins
- **February 26, 2027** – Seattle, WA | Virginia & Fred Hutch
- **May 4, 2027** – Boston, MA | Massachusetts General Hospital

Fall 2027 - Spring 2028 Event Dates

- **September/October 2027** – Chicago, Illinois | Northwestern Medicine & Univ. of Chicago
- **December 2027** – Houston, Texas | Houston Methodist & MD Anderson Cancer Center
- **February 2028** – Jacksonville, Florida | Mayo Clinic
- **May 2028** – Boston, Massachusetts | Massachusetts General Hospital
- **TBD 2028** – Atlanta, Georgia | Emory University Hospital or Portland, Oregon | Oregon Health and Science University, or Columbus, Ohio | Ohio State University

Suggested Pledge Date: At least 90 days before each symposium to receive full benefits. Last minute pledges can also be accepted with limited benefits.

Industry Council

The CCF Industry Council is a year-long membership program that creates opportunities for strategic engagement between industry partners, CCF leadership, patients, caregivers, clinicians, and researchers. Members receive valuable insight into the evolving needs of the community, participate in collaborative discussions, and gain access to select educational and engagement opportunities throughout the year.

Membership Dates: January–December 2027

Suggested Pledge Date: February 1, 2027

Research Fellowship Program

CCF's Research Fellowship Program invests in promising early-career investigators pursuing innovative cholangiocarcinoma research and helps build the next generation of leaders in the field. Industry support accelerates scientific discovery, expands the research pipeline, and may include prominent recognition through a jointly named fellowship.

Program Dates: Awarded at 2027 CCF Annual Conference (March 22-25, 2027)

Suggested Pledge Date: January 31, 2027

Team CCF

Team CCF engages runners and endurance athletes who raise funds and awareness while participating in major races and community events. Sponsors support athlete training, customized race gear, nutrition education, fundraising coaching, and pre-race gatherings while aligning their brand with a passionate community committed to advancing CCF's mission.

Event Dates: October 10, 2027 (Chicago) and November 7, 2027 (New York)

Suggested Pledge Date: March 9, 2027 (Early Bird) or June 1, 2027

Educational Webinars

CCF educational webinars provide patients, caregivers, and healthcare professionals with timely information on treatments, clinical trials, research, and supportive care. Webinars typically attract 70–200 live participants, with recordings averaging 300 additional views and some exceeding 7,000 views on CCF's YouTube channel.

Program Dates: Two webinars offered monthly; specific dates scheduled throughout 2027

Suggested Pledge Date: At least three to four months before the preferred webinar date

Advisory Boards

CCF Advisory Boards connect industry partners with key members of the cholangiocarcinoma community to provide meaningful insights into research, treatment, clinical trials, education, patient care, and community needs. Depending on the goals of the engagement, partners may convene one of three advisory board types:

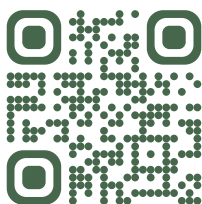

- **Medical Advisory Board:** Engage clinicians and researchers on treatment trends, clinical challenges, and gaps in patient care.
[View Prospectus Here](#)
- **Patient Advisory Board:** Hear directly from patients and caregivers about treatment experiences, unmet needs, quality of life, and barriers to care and clinical trial participation.
[View Prospectus Here](#)
- **Research Advocate Advisory Board:** Gain insights from trained patient and caregiver advocates on research, clinical trials, and patient-centered communication.

Program Dates: Throughout 2027

Suggested Pledge Date: 2–3 months before the desired meeting date

In addition to the programs outlined in this catalog, CCF works with industry partners to develop **customized strategic partnerships** focused on specific areas of shared interest. These opportunities may support targeted priorities such as patient education and support, research and innovation, biomarker awareness, clinical trial engagement, provider outreach, early diagnosis, or other emerging needs within the cholangiocarcinoma community. CCF welcomes the opportunity to collaborate on thoughtful, mission-aligned initiatives that create meaningful value for patients, caregivers, healthcare professionals, researchers, and industry partners.
